YOUR SAY - RESPONSES

So far there have been forty four responses to the questions asked in the Autumn Bridlington Town Council Newsletter. These represent households not just individuals. However it is hoped that when residents get used to the Your Say article the level of response should increase. All the percentages in this report refer to the number of respondents to each question.

- 1a) Should we retain the community wardens? 22.6%YES 77.4 %NO
- b) Should their area expand to cover the Town area? 9.0%YES 91.0%NO
- c) Should the service be funded by the precept? 9.0%YES 91.0%NO
- 2) Should the Town Council Take steps to cull pigeons & gulls?
76.7%YES 23.3%NO
- 3) Should the Town Council survey derelict properties and check these with the appropriate authorities? 93.4.0%YES 6.6%NO

As can be seen residents are particularly affected by eyesores, many commenting on why the East Riding of Yorkshire Council do not issue more notices to landlords in this respect. The cull of birds and the cleaning of streets to remove their effects were also seen as a function of the County (unitary) authority. General feeling about community wardens was - What do they do as far as safety of residents is concerned? If they are necessary because of the removal of alternative services in an area, the East Riding of Yorkshire Council should pay via the community charge which most residents responding considered high for the services received. Most respondents therefore did not seem to realise that some services are paid for from the precept because the East Riding of Yorkshire consider these services cannot be provided from the general rate. The wardens being paid for by Government grant not East Riding of Yorkshire Council and when the grant finishes they will not pick up the bill.

TOWN COUNCIL RESPONSE ON EYESORES

Councillor Tony Padwick has been nominated to join the "Eyesores" subcommittee of the Bridlington Regeneration Partnership (01262 401112) They have been successful in their actions in cooperation with the ERoYC on improvements. Please keep on letting the Town Council know of your "favourite" eyesores so Cllr Padwick (01262 409006) can bring them up during meetings.

YOUR SAY

Please respond by letter or e-mail to the Editor Cllr Pam Austin - c/o the Council's office Cllr.p.austin@bridlington.gov.uk

QUESTIONS :-

1. The Area Action Plan (AAP) proposes a budget hotel for the Town Centre or Marina area. Will this be a good idea when attracting conferences to the SPA?
2. The AAP also proposes the building of 18,800msq. of fashion and mixed retailing in the Town Centre. Do we need more shops to attract visitors and for ourselves?
3. The AAP proposes 560 new dwellings (Townhouses and flats) in the Town Centre. Will more pedestrians be good for the Town's economy?
4. A linear town park along the Gypsy Race is also proposed with a New Town Square, in the AAP. Your comments are invited.
5. It is a year since ERoYC introduced winter parking charges, did this affect your visits to Town and the Seafront last year. Will this be the same this winter?

THANK YOU FOR YOUR RESPONSES.

CONFUSING SIGNS - Cllr Alan Charlesworth

Street signs are there to inform residents and visitors of the way to go to enable them to reach their destination or to point the way to an area of the town, a prominent building etc. Over time some roads cease to exist as they were originally built, buildings disappear etc. but the signs are not always removed or amended and then they become misleading, so if you know were there is a redundant sign please let us know.

BRIDLINGTON HOSPITAL

Keep on lobbying - your M.P and the Secretary of State for proper services at Bridlington Hospital

A VERY SUCCESSFUL MARCH

To quote Alan Johnson " I should point out that the reconfiguration of services is a matter for the local NHS, and I understand that the Trust has given an assurance that the changes at Bridlington Hospital will not lead to its closure".

Keep on writing to:-
Rt Hon Alan Johnson MP
Secretary of State for Health
Department of Health
